

The pages below contain lists of **licensed consulting foresters** arranged by county.

Before you read on, have you called your county forester?

Your county forester is a great resource for all topics regarding your land, including planning a timber harvest and choosing a consulting forester.

Keep in mind: this listing is provided as a public service only. It is **not** an endorsement of any particular consulting forester, does not include all consulting foresters in Vermont, and is subject to change. Again, please contact your county forester listed below for the most current information on consulting foresters in your area.

For foresters reading this list, submit updates to contact information to Jenny.Lauer@vermont.gov. Last updated **February 3, 2017**.

ADDISON COUNTY CONSULTING FORESTERS

April 17, 2016

This list includes individuals who have requested to have their names placed on the list. There are no qualifications required to do so. Prices and expertise may vary widely. Landowners should check references and/or review examples of plans, maps, timber sale contracts, etc and field work before hiring a consultant. Also, landowners should clearly spell out their ownership objectives and their specific expectations of the forester. Use Value Appraisal Forest Management Planning could involve timber production (logging) as well as identification and enrollment of ecologically significant treatment areas and non-productive forest lands. To review the existing statutes, eligibility details, and updates to the minimum standards for forest management plans and maps refer to the "Program Manual" available for review at your County Foresters office or on-line at: www.vtfpr.org.

Payment to a Consulting Forester for forestry services is commonly done on an hourly basis not to exceed a specified ceiling. Request an estimate and work under a written contract for services. The list is alphabetical by last name of business or owner/employee of business.
