Prompt notification of all wildfires on [ANR lands](#) is required.

CALL US EARLY for support on wildland fires.

The FPR Wildland Fire Control staff are professional wildland firefighters and Incident Commanders who are available to assist on difficult or remote wildfires. The Wildland Fire Control Program adjusts staffing based on State Fire Danger and fire activity.

Assistance includes:

- Expertise in fire behavior and suppression tactics
- Forestry hose and wildland hand tools
- High pressure wildland pumps
- Firefighters and sawyers for extended attack
- Ordering resources from other agencies, states, and the National Guard
